

PARTIAL LOCKDOWN

How to stay
safe

A Partial Lockdown is... a special instruction to **STAY INSIDE** the main building. It's a safety precaution to keep us protected.

Why Do We
Do This?

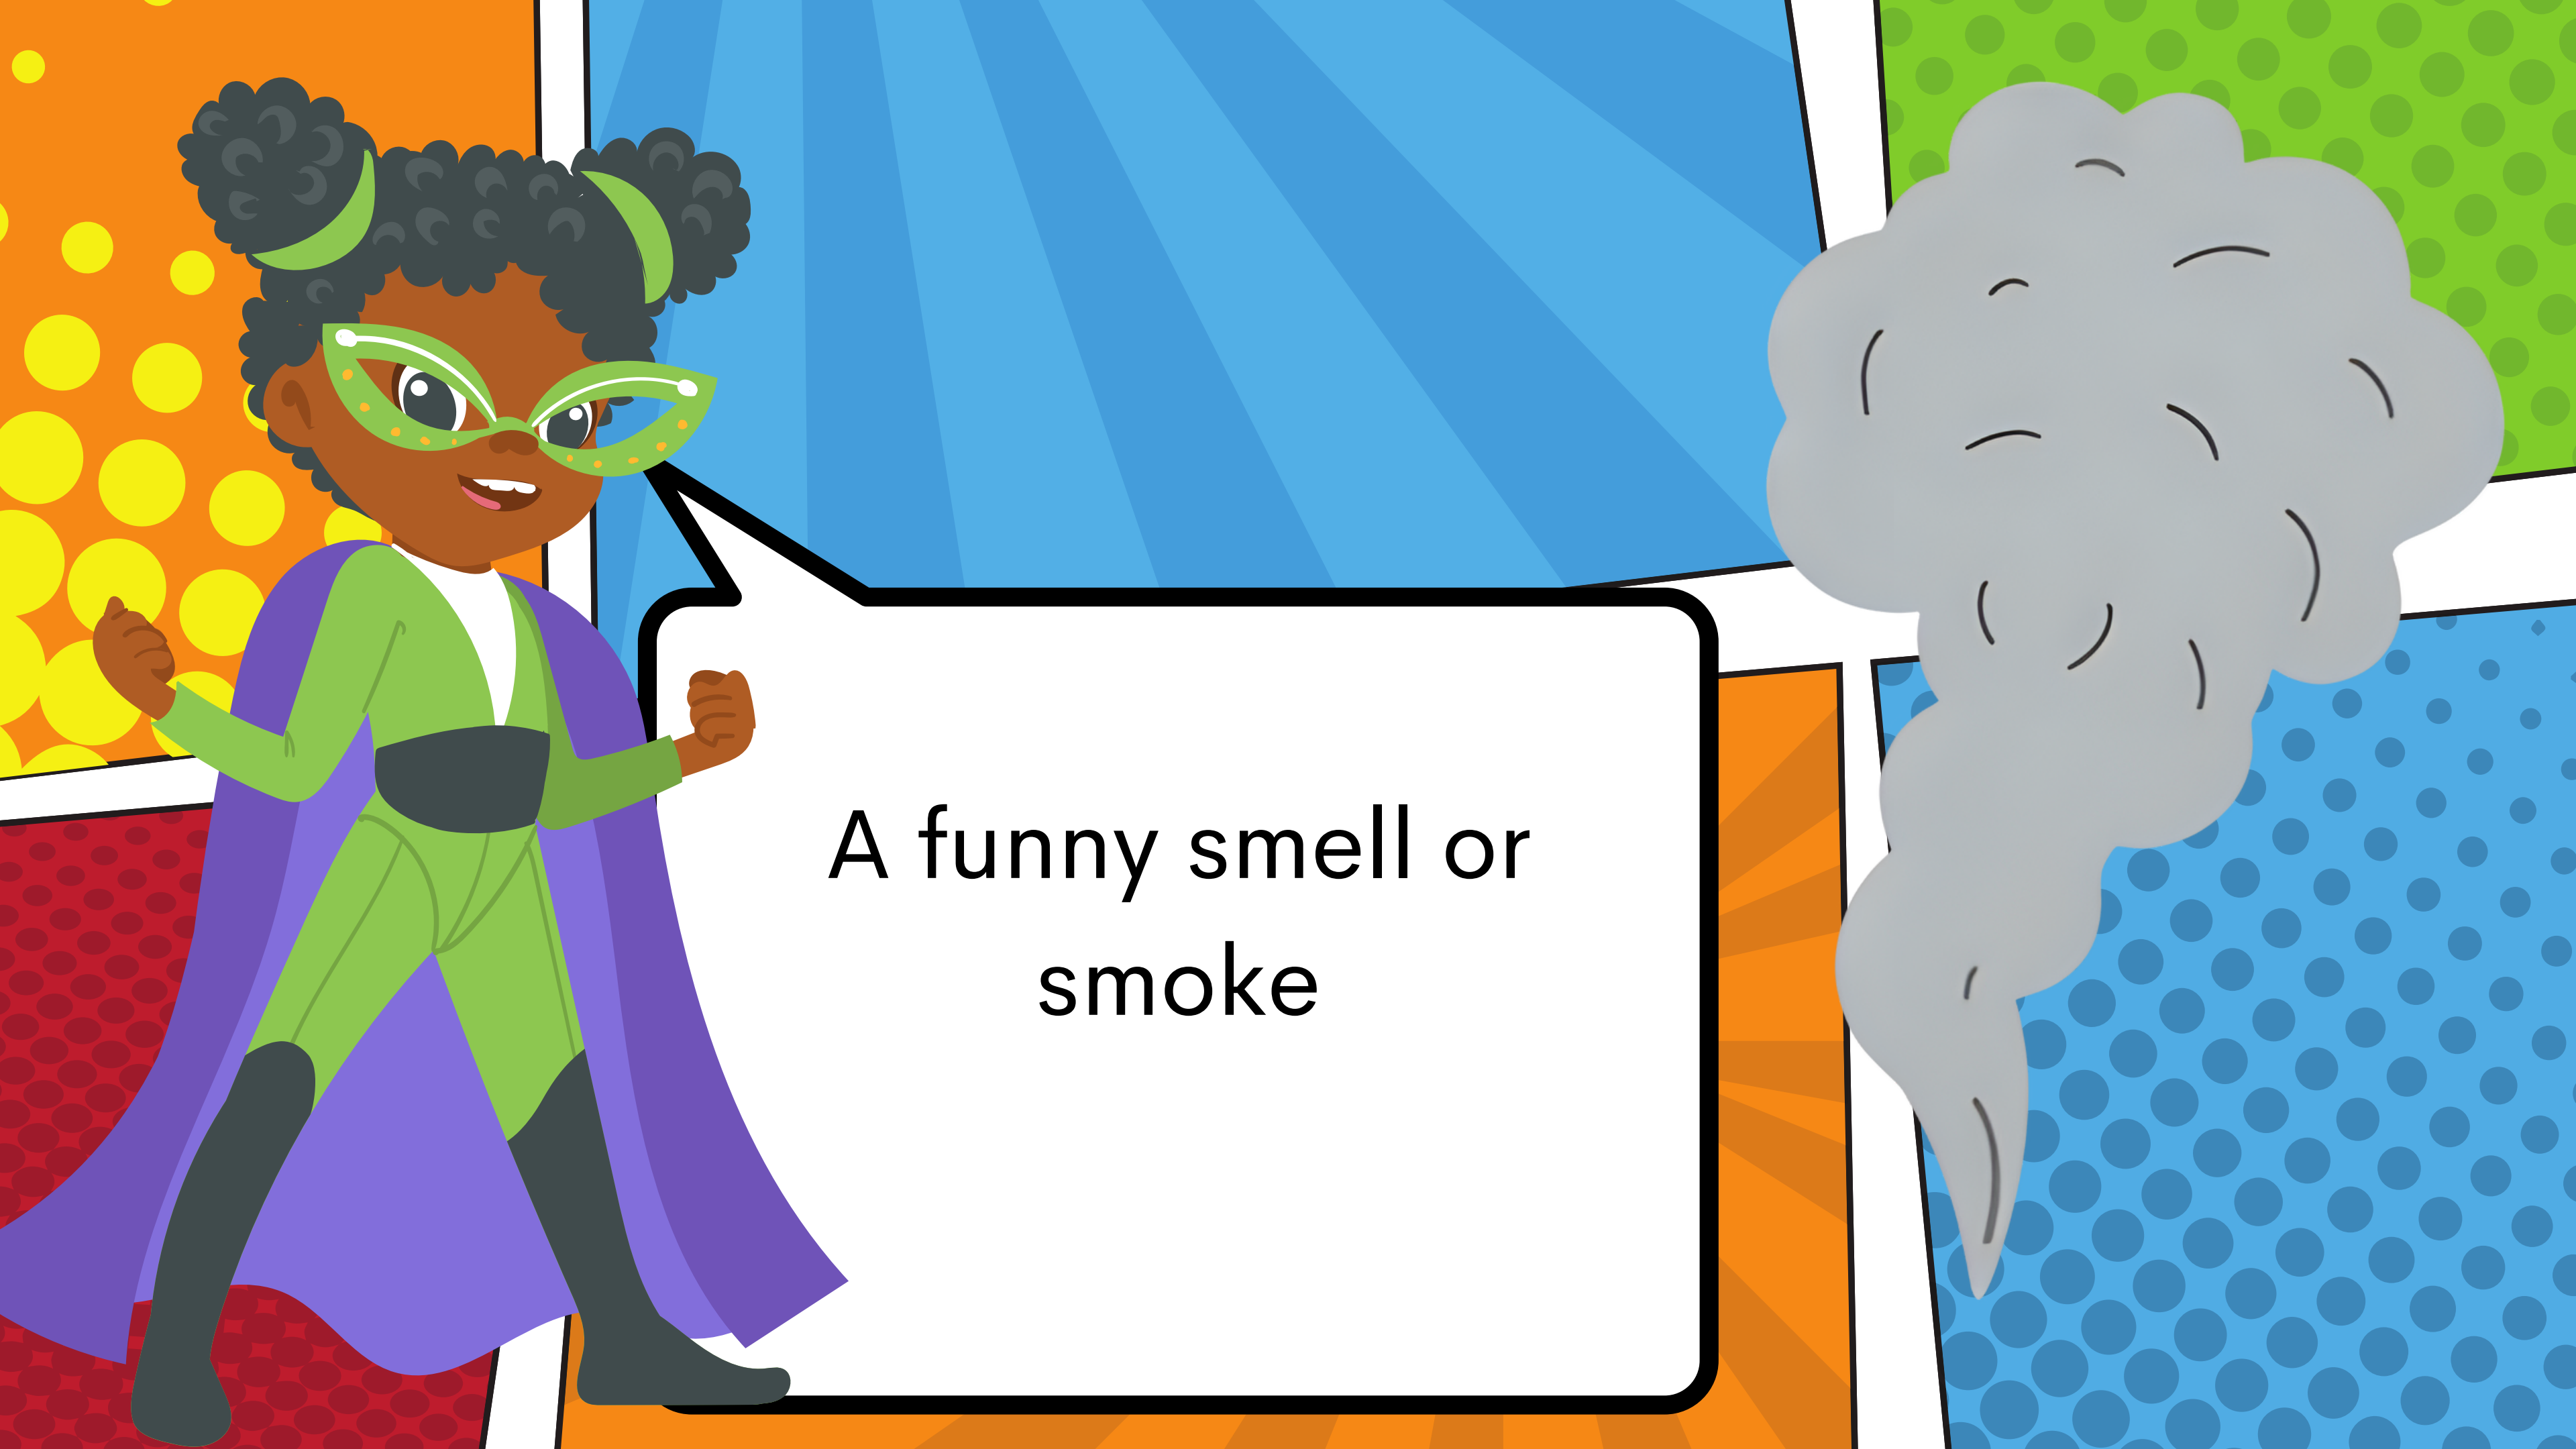

There may be a loose
dog or a fox in the
playground

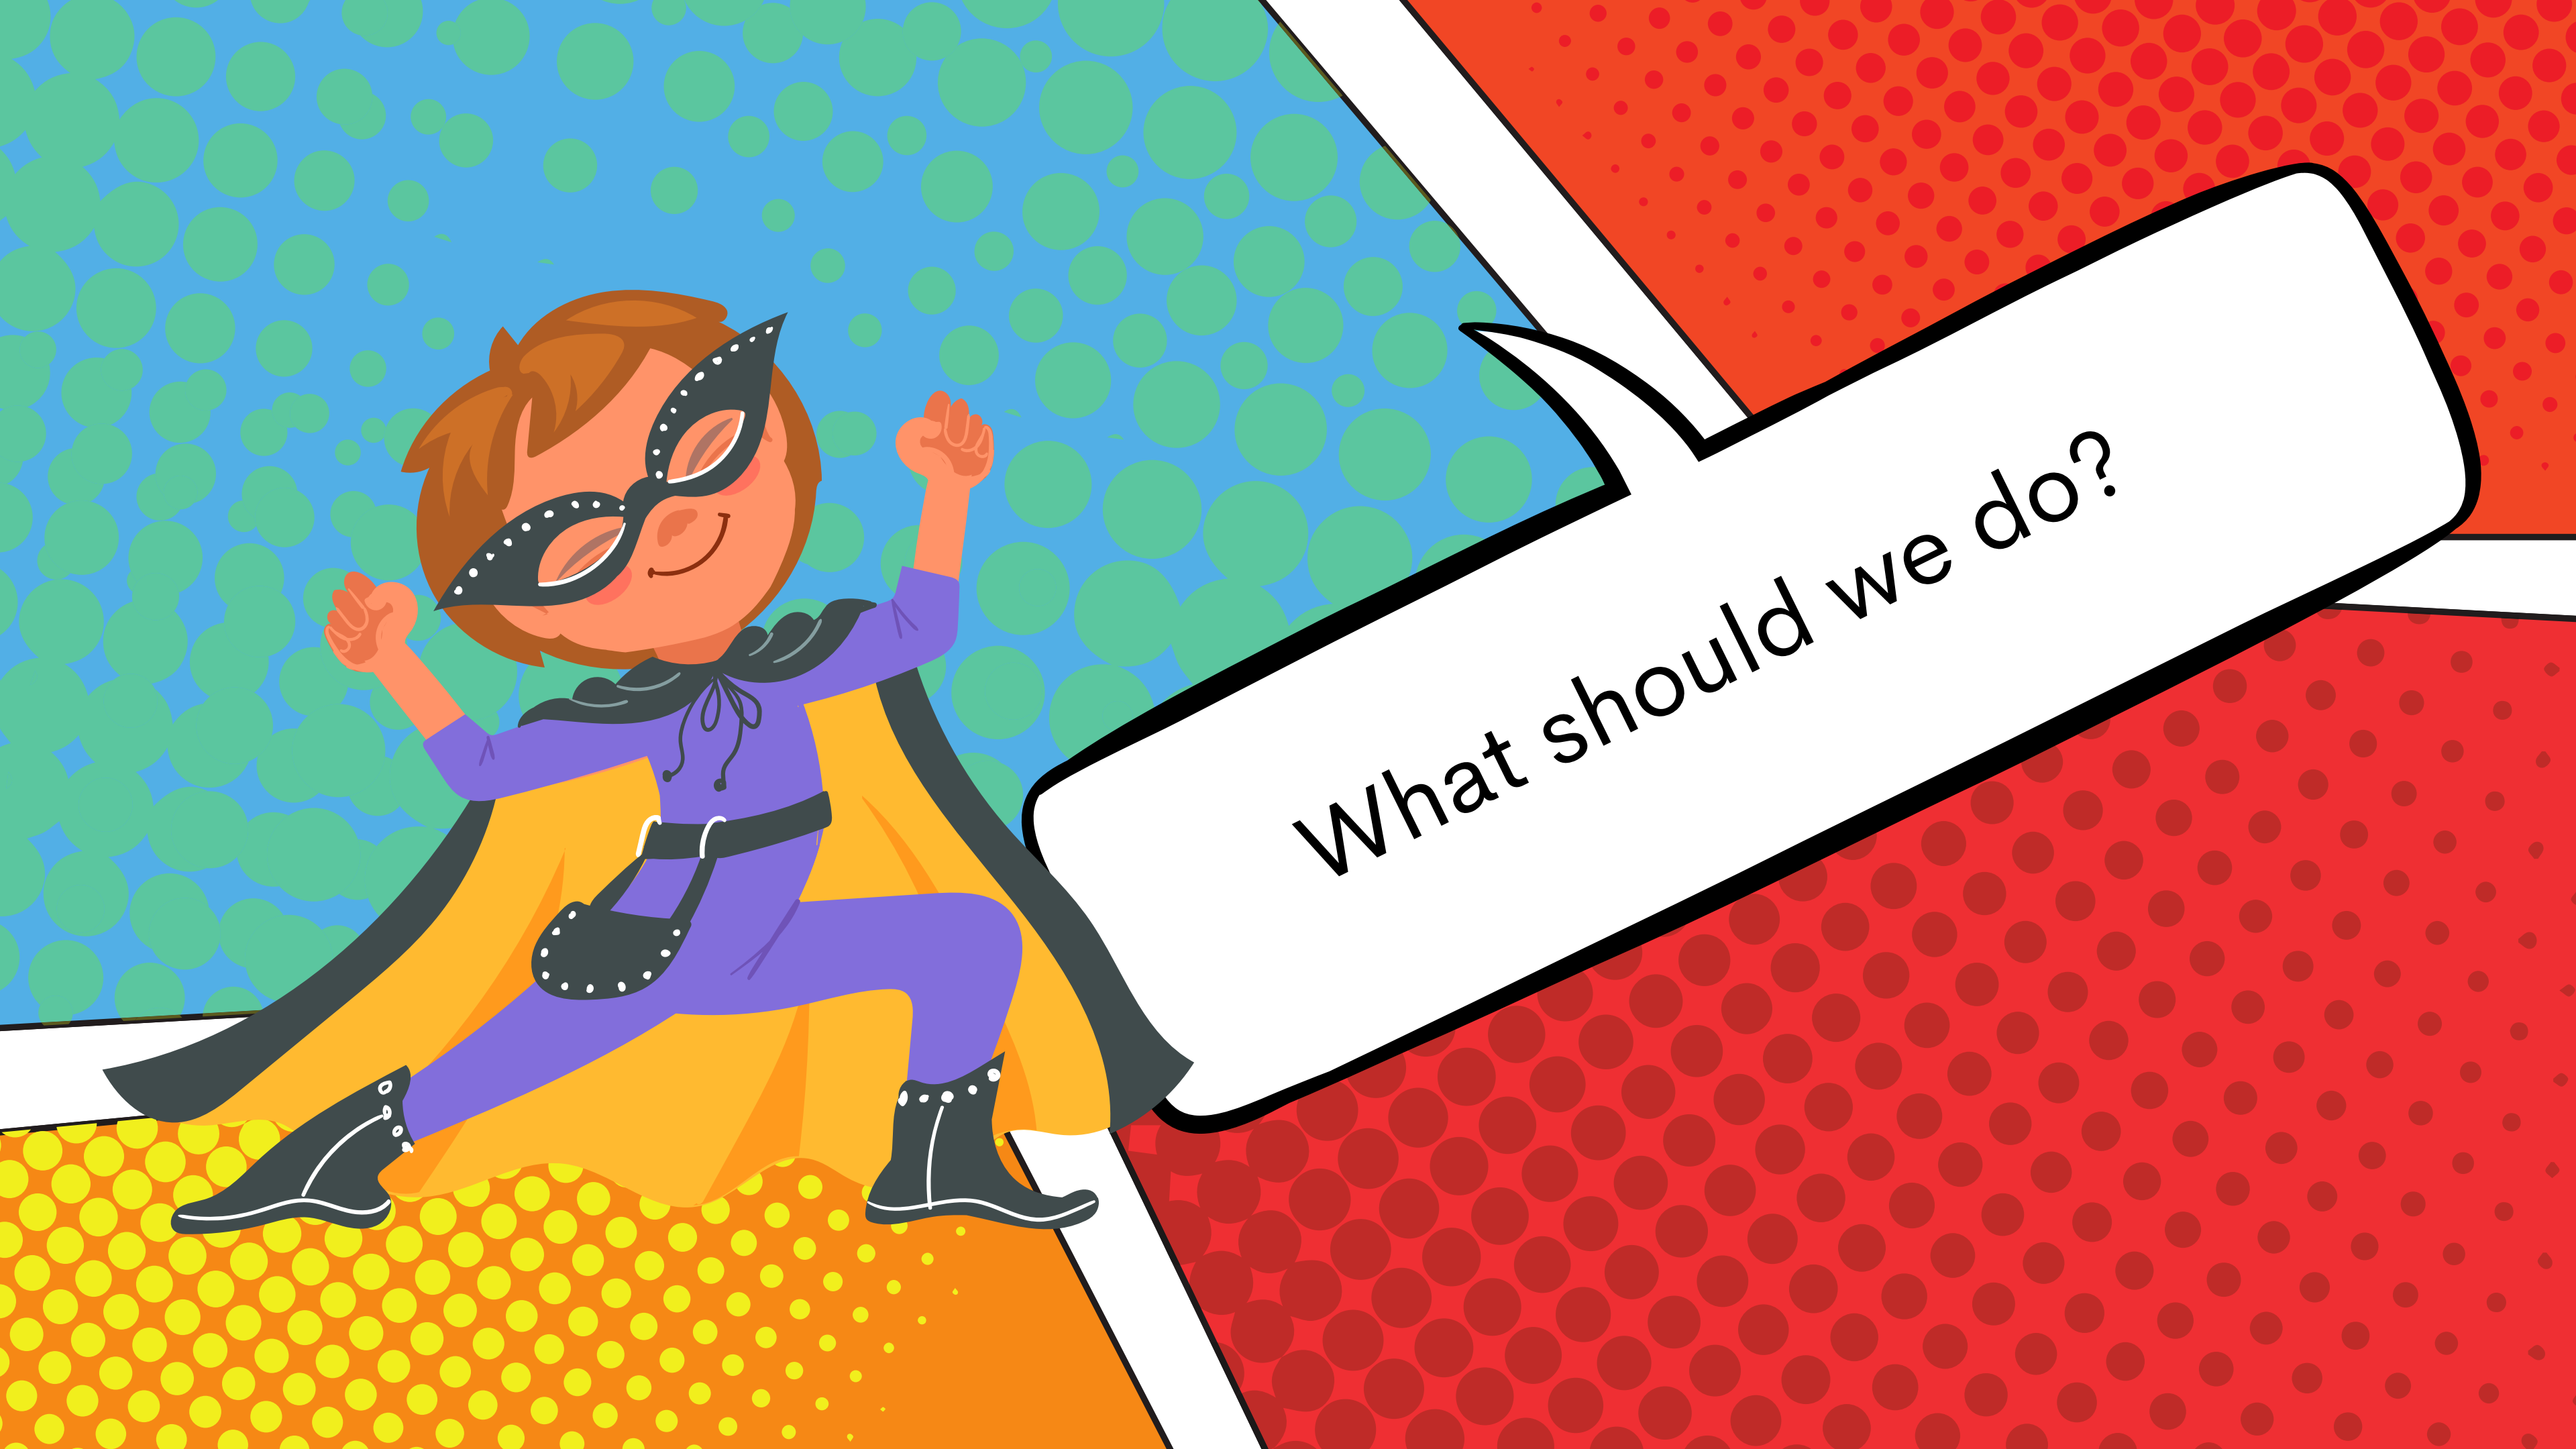

There may be a
loud event
nearby such as a
gas explosion

A funny smell or
smoke

What should we do?

Stop and listen

2

Move quickly and quietly to the
nearest door and go inside

Your adults will make sure
the doors and windows are
locked

3

Stay inside and do a
quiet activity

Mrs Mooney or another
grown up will let us
know when it is safe to
go outside again

Let's remember

- Stop and listen
- Move quickly and quietly to the nearest door
- Stay inside and do a quiet activity
- Mrs Mooney will tell us when it is safe
